Technology **RenewIT** Services & Academy

Providing Sustainable Technology Lifecycle management, **RenewIT**, Recycling & Training Services

Participate in our Repurpose Technology First Initiatives

“Providing for a more Eco-friendly / Sustainable environment through Technology repurposing / refurbishing / remarketing / reuse - Enabling us to assist in Bridging of the Digital Technology Divide and Life / Safety services for Underserved Communities, First Responders, Nonprofits & Educational organizations globally”

Let us help your organization meet its Strategic ESG (Environmental, Social and Governance) Initiative's – Environmental Sustainability to achieve a greener world, Social Giving & Donations to Underserved Organizations / Communities via our Repurpose First and Training programs, Governance – Allowing Management to take responsibility and donate used and un-used assets to assist these individuals / organizations and invest in their abilities to serve others

Donations Benefit Underserved, Nonprofit, Educational & First Responder individuals / organizations globally in providing their Technology, Life / Safety Products, Services & Technology Training
