

BlackBerry Mobile Voice System

Version 5.1

BlackBerry® Mobile Voice System (BlackBerry MVS) is designed to unify desk phone features on BlackBerry® smartphones.^{1,2}

Calls can be made on Wi-Fi® networks to save on mobility costs and improve productivity³. BlackBerry MVS provides one business phone number, one caller ID, and one voice mailbox wherever you go. Whether you're at work, at home, or travelling, you can access the desk phone features you use every day.

BlackBerry Mobile Voice System

Bring your office with you.
